Participants joining the conference call via the phone dial-in option will receive their dial-in number, passcode and PIN following registration using the link above. It would be appreciated if all callers could dial in approximately 5 minutes prior to the scheduled start time.

There will be a Q&A session after IREN delivers its financial results. Those dialling in via phone can elect to ask a question via the moderator. Participants on the live webcast have the ability to pre-submit a question upon registering to join the webcast or can submit a question during the live webcast.

About IREN

IREN is a vertically integrated data center business powering the future of Bitcoin, AI and beyond utilizing 100% renewable energy including through the purchase of RECs. Strategically located in renewable-rich, fiber-connected regions across the U.S. and Canada, IREN's large-scale, grid-connected facilities are purpose-built for the next generation of power-dense computing applications.

- Power & Land Portfolio: 2,910MW of grid-connected power secured across >2,000 acres in the U.S. and Canada, with an additional multi-gigawatt development pipeline.
- Next-Generation Data Centers: 810MW of operating data centers underpinning three verticals: Bitcoin Mining, AI Cloud Services and AI Data Centers.
- Bitcoin Mining: one of the world's largest and lowest-cost Bitcoin producers with 50 EH/s of installed self-mining capacity.
- AI Cloud Services: delivering high performance cloud compute to AI customers with next-generation NVIDIA GPUs.
- AI Data Centers: end-to-end design, construction and operation of data center infrastructure tailored for AI workloads.
